PRAEFATIO.

Tandem novae huic Editioni finem imponere contingit, additis Indicibus, primi voluminis praefatione promissis. Hos multis locis emendare, opus erat taedii plenum; unde longe maius, quam inter reliqua volumina, inter hoc et octavum volumen editum temporis intervallum exstitit.

Ne vero Novi Testamenti interpretationi iuvandae minus prosim, quam et officium illius, qui nostro tempore has GROTII *Annotationes edit et vero ipse animus me iubet, consilium cepi, deinde, huic Editioni addere Supplementum, quod cum historicam ac cri-*

criticam continebit in harum Annotationum pretium et usum inquisitionem, tum HUGONIS GROTII *Opuscula nonnulla aut integra aut excerpta, quibus quaedam Novi Testamenti loca ulterius explicuit.*

Cui consilio perficiendo Deus, precor, annos mihi viresque largiatur.
